

Scratch Club Registration 2017

The Scratch program requires users to create an account in order to save their work. To make an account students will need an email address. Parent or student email accounts may be used, but the account must be verified before students come to Scratch Club if a parent email is used. We can also create an email account for students here and verify directly. Students will also need to choose a password. If they have trouble remembering their account information, this registration form may be used to keep a record of student login info. Scratch Club will be every Tuesday in June from 1:00-3:00.

Student name: _____

Age: _____

Phone number: _____

Email info (check one):

Parent email to be used _____ *** (Scratch account will be created and verified at home prior to Scratch Club – Please bring login info to the library) Create a free account at: <https://scratch.mit.edu/>
